AI Booking Platform

Volt is a scalable booking platform that simplifies workspace reservations, manages availability, and provides data-driven insights for efficient office space usage.

PromptHash [🔗](#)

AI Prompt Marketplace

PromptHash is a dynamic, AI-powered marketplace connecting prompt creators with users seeking inspiration, productivity, and cutting-edge solutions.

VaultQuest [🔗](#)

a no-loss saving protocol

a loss price saving protocol where users deposit funds into a prize vault and instead of earning interest, they stand a chance to win prizes through regular price draws

Cresa

Student Dues Management System

Cresa is a student dues management system that allows administrators to track and manage payments made by students for departmental or institutional dues.

Swift

Blockchain Market Platform

This is a marketing platform that focuses on selling digital products that integrate the speed of SUI Blockchain.

Zeus scholarly

Scholarship Platform for Student

Empowering Scholars Worldwide with Lightning-Fast Support for gaining scholarship based on Artificial intelligence recommendation system.

Education

2019 – 2024	Pure and Industrial Chemistry <i>University of Nigeria, Nsukka</i>  B.Sc. (Second Class Upper Division CGPA: 4.28/5.00)
-------------	--

Continue Education (Online Courses)

2023 – 2024 online	ALX Software Engineering  <i>ALX Africa</i> I completed a 12 Month ALX Software Engineering Programme with a specialization in Back-end development
05/2023 – 08/2023 Online	Aspire Leadership Program  <i>Harvard University</i> This Program help to increase my self-confidence, sharpened critical thinking skills, refined communication skills, and a desire to create a social impact among a global community
08/2025 – 09/2025 Online	SDG Blockchain Accelerator  <i>UNDP</i> As a member of Team RePlas, I participated in the SDG Blockchain Accelerator program, collaborating with Fudan University and UNDP Laos to address the lack of transparency, accountability, and tracking in Lao PDR's climate finance system. Our work focused on enhancing trust among donors and ensuring that financial support is effectively directed to vulnerable communities.
